GRAFF collection, designed by Nespoli e Novara, conquers Muuz  
international awards.**

GRAFF's Dressage ranked as the best product in the "Bathroom Furniture" category at the Muuz International Awards 2015, organized by the French community ArchiDesignClub.

The award ceremony was held on Thursday, June 11th at the Grand Intercontinental Hotel Opera in Paris during an exclusive event broadcasted live by Muuz.tv.

"It's an honor for GRAFF to receive this internationally recognized praise," said Emanuela Tavolini, Director of Sales for GRAFF Europe. "The minimal elegance and aesthetic balance," continues Tavolini, "makes Dressage an extremely versatile collection, perfectly aligned to the most contemporary interior design and architecture conceptions."

During the evening in the "City of Lights", Alberto Novara from the design studio Nespoli e Novara commented, "The strong artisan component is one of the distinctive elements of a collection designed for the bathroom but inspired by the world of interior design. The warmth of tradition, transmitted by the use of solid wood, meets with the functionality of an innovative material such as DuPont™ Corian®. This award," Novara concludes, "makes us very proud and confirms that the direction taken by GRAFF is the right one."

The MIAW International Awards are organized annually by ArchiDesignClub, the first French community of professionals in the fields of design, architecture and decoration, in partnership with Muuz, the leading magazine for the latest trends in architecture and design, present in over 22 countries worldwide. 112 products were selected among five product families: Coatings and Materials, Lighting, Furniture, Kitchen & Bath and Outdoor.

For three weeks, 162,000 people visited MIAW and 24,000 voted.

After the vote, 38 products were awarded by architects, interior designers and specialists of layout at an international level.
